

Dear Families,

We hope the school year so far has exceeded your expectations, and that you and your child have adjusted to new routines. Renaissance is here to support efforts to keep your child engaged and motivated throughout the school year.

Freckle by Renaissance is accessible 24/7, wherever an Internet connection is available. Students work on the same digital platform they are using during their classroom instructional time whenever they are practicing with Freckle.

The great thing about Freckle is that it is continuously challenging students with engaging activities, while adapting to their learning level and promoting growth.

Click on log in instructions to find login instructions and practice assignments to keep your child engaged over the holidays, along with ways you can continue to support their learning outside of school.

We hope you will join us by encouraging and cheering on your child to meet and exceed their school year goals! Please share the excitement with other parents, too!

Thank you! Enjoy your holiday season! Rest and recharge so you are ready to start the new year off on the right foot!
